Jemma's Make-up Secrets is the must-have follow-up to Jemma Kidd's best-selling first book, Make-up Masterclass. Sharing her wealth of knowledge from years of working in the beauty industry as a professional make-up artist, product developer and teacher to a new generation of make-up artists, Jemma addresses the key make-up issues and answers the questions about beauty that every woman wants to know. Part 1: Making Make-up Work for You covers the groundwork, demystifying ingredients and formulations and explaining which products to use and how to apply them. Jemma demonstrates how to achieve a flawless complexion and how to make up eyes and lips to best effect. She then reveals how to wear colour, how to keep your make-up on-trend, and how to achieve the most iconic make-up looks of all time – from Audrey Hepburn to Brigitte Bardot. Part 2: The Problem Solver addresses key beauty concerns, such as how to take care of your skin, how to look younger and how to combat the damaging effects of the sun and cold weather. 'Beauty First Aid' is a troubleshooting section, dealing with problems such as eye bags, blemishes and dull skin. Lastly, 'Stop the Clock' provides fail-safe five-minute make-up regimes for when you're pressed for time, from running late for work to a last-minute party.

Celebrity make-up artist Gary Cockerill is best known for his glamorous, sultry make-up style. Much in demand for his ability to make women look and feel fabulous, he regularly travels the world to get clients ready for red-carpet events, photoshoots and television appearances. In *Simply Glamorous*, Gary proves that with a little knowledge and practice, everyone can use make-up to enhance or disguise so they feel confident in their appearance. He begins by demonstrating what he loves most about make-up: its ability to transform. By applying four different looks to one face, he shows how the same 'blank canvas' can be natural, sophisticated, glamorous or dramatic. He then presents 15 breathtaking makeovers on women of all ages, explaining step by step how to re-create the looks. Divided into 'Face', 'Eyes' and 'Lips', the transformations range from nude and natural – 'Barely There', 'Sun-kissed Goddess' and 'Girl Next Door' – to high octane glamour – 'Showgirl', 'Bombshell' and 'Glamour Puss'. They illustrate every aspect of make-up, from contouring, to false eyelashes, to wearing colour, and include the iconic looks that Gary is always asked to create – the smoky eye, the fifties flick and the red lip. 'Tutorials' address key topics in greater detail, such as skincare, foundation, contouring and application techniques for eyes and lips. As a self-taught make-up artist, Gary works instinctively with amazing results. His approach is creative and painterly, and his teaching style is friendly and down-to-earth as he shows how glamorous make-up can be accessible to everyone. He may not always do things the conventional way, but his techniques are the result of more than 25 years spent working with women and men of all ages, ethnicities and styles. He knows what works and what looks good, and encourages everyone to have fun and experiment with make-up to make themselves look and feel beautiful and glamorous.

A strikingly photographed guide to makeup art incorporates 32 new pages, additional step-by-step instructions and new, cutting-edge styles by top makeup professionals from London's famed Academy of Freelance Makeup and is accompanied by instructions for achieving a range of specialist looks, from ultraviolet makeup to SFX designs for film.
