Learn to Read Latin helps students acquire an ability to read and appreciate the great works of Latin literature as quickly as possible. It not only presents basic Latin morphology and syntax with clear explanations and examples but also offers direct access to unabridged passages drawn from a wide variety of Latin texts.

Learn to Read Latin: Keller, Andrew, Russell, Stephanie ...

"Learn to Read Latin" is an excellent, if rigorous, text to prepare students to begin to read real Latin authors. Its chapters tackle grammatical topics in a more or less complete way (e.g., introducing all four present tense verb conjugations in the same chapter, introducing the full present system together, etc.), making for a remarkably comprehensive approach to mastering Latin grammar and ...

Andrew Keller and Stephanie Russell. Description Reviews. Out of Print. A Latin grammar and reader all in one when the text and workbook are used together, Learn to Read Latin presents basic Latin morphology and syntax with clear explanations and examples, and it offers direct access to great works of Latin literature even at the earliest stages of learning the language.

Learn to Read Latin helps students acquire an ability to read and appreciate the great works of Latin literature as quickly as possible. It not only presents basic Latin morphology and syntax with clear explanations and examples but also offers direct access to unabridged passages drawn from a wide variety of Latin texts. As beginning students learn basic forms and grammar, they also gain familiarity with patterns of Latin word order and other features of style, thus becoming well prepared for later, more difficult texts. No other beginning Latin book contains as many unaltered versions of ancient texts.

Learn to Read Latin includes the writings of such authors as Caesar, Cicero, Sallust, Catullus, Vergil, and Ovid, arranged chronologically and accompanied by introductions to each author and each work. These readings serve as the chief training texts around which the book's fifteen chapters are constructed. A workbook is also available, providing abundant drills for each chapter of the text. A flexible format allows the workbook exercises to be used in the classroom, for homework assignments, for extra individual drill work, or as a home study tool.

Learn to Read Greek is a text and workbook for students beginning the study of Ancient Greek. It is the companion volume to the authors' Learn to Read Latin, published in 2004. Like its Latin predecessor, it has a grammar-based approach and is intended for students who have a serious interest in learning the language. The text and workbook include carefully chosen vocabularies and extensive vocabulary notes; clear and complete presentations of all necessary morphology and syntax; large numbers of drills and drill sentences; and abundant unabridged sample passages from a variety of Greek authors and texts.

By providing a much-needed grammar review, along with a variety of readings that will suit the tastes of many different teaching preferences, this textbook will help students make the transition from beginning Latin to the intermediate level. The book is filled with exercises and a balance of prose and verse readings organized around five topics. After using College Latin, students will be reacquainted with all the major Latin grammar and able to hold their own in the "authors courses" that make up most intermediate Latin curriculums.

The classic, single-volume introductory Latin textbook, introduced in 1956 and still the bestselling and most highly regarded textbook of its kind. Wheelock's Latin, sixth edition, revised, has all the features that have made it the best-selling single-volume beginning Latin textbook, many of them revised and expanded: o 40 chapters with grammatical explanations and readings based on ancient Roman authors o Self-tutorial exercises with an answer key for independent study o An extensive English-Latin/ Latin-English vocabulary section o A rich selection of original Latin readings — unlike other textbooks which contain primarily made-up Latin texts o Etymological aids Also includes maps of the Mediterranean, Italy and the Aegean area, as well as numerous photographs illustrating aspects of classical culture, mythology, and historical and literary figures presented in the chapter readings. o The leading self-tutorial Latin program. Also great for college and accelerated high school courses. o Wheelock's Latin is the top-selling Latin reference in the US. o Interest and enrolments in Latin have been steadily rising in the U.S. for the past 20 years. One-half million people are currently enrolled in Latin classes, and at least 10,000 teachers, professors and graduate assistants are teaching the language in America.
