Reinventing the Bazaar is at its strongest when covering deregulation and privatization. Capitalism is clearly superior to command-and-control direction of the economy, but we have come to learn that even where there is an obviously better alternative, the transition itself can be problematic. Post-Soviet Union Russia is contrasted with China.

Reinventing the Bazaar: A Natural History of Markets ...

Reinventing the Bazaar was written by the late John McMillan, a professor of economics at Stanford and an expert on government procurement. This is a book about the economics of markets (with a focus on market design), not an economic history, as I believed when I purchased the book.

Reinventing the Bazaar used real-life examples to make markets understandable to any reader. From pharmaceutical companies to the Tokyo fish market, McMillan brings markets alive right in front of the readers' eyes. He attempts to demystify the mystery behind markets, and in my opinion, he succeeds.
