The Time Machine is a science fiction novella by H. G. Wells, published in 1895 and written as a frame narrative. The work is generally credited with the popularization of the concept of time travel by using a vehicle or device to travel purposely and selectively forward or backward through time. The term "time machine", coined by Wells, is now almost universally used to refer to such a vehicle or device.

The Time Machine - Wikipedia

Time travel is easier for kids, and Alex knows Greek and a little Latin. The portable portal is placed in London's Mithraeum, recently relocated back to its original 3rd century AD site. Now all Alex has to do is go through and find the blue-eyed girl. There are just three rules: 1. Naked you go and naked you must return.

The Other Side of Heaven is a time traveling romance, one part historical romance, one part time twisting. It's a beautifully told tale, one in which the storytellers clearly have based in history, but with a license for romance and fictionalization.

The Other Side of Heaven (Italian Time Travel Book 1 ...

Prudence is a professional time traveler from the 22nd century working fruitlessly to try and change one small event in 1884. The two women cross paths and work together to put Prudence's plan to end time travel in motion. This novella packs a lot of action and time travel goodness and there's a sequel called Alice Payne Rides. It also contains one of the realest lines of any of the time travel books I've read: [2016's completely fucked.]

There two ways of seeing this book. The first as an unusual way of treating the potential time travelling and its consequences if not properly controlled mixed with a traditional romantic relationship. The second way as an unusual romantic romance as consequence of the alcohol, the time travel and the drugs.

The Time Traveler's Wife Summary | Shmoop

Awesomely, the story isn't just still alive, it got another chapter from the conspiracy theorists. 4chan came forward with the theory that Donald Trump's uncle, John, developed time travel with help from Tesla's notes, and not only was Trump a time traveler, but he was John Titor. Disgusted by no one believing him, he ran for president.

Time Travel Books - Goodreads

Concept of moving between different points in time. Time travel is the concept of movement between certain points in time, analogous to movement between different points in space by an object or a person, typically with the use of a hypothetical device known as a time machine. Time travel is a widely recognized concept in philosophy and fiction. The idea of a time machine was popularized by H. G. Wells 's 1895 novel The Time Machine.
