Includes entries for maps and atlases.

The German legend of the Red Jews, a medieval conflation of the Ten Lost Tribes of Israel with the biblical destroyers Gog and Magog, articulated throughout the Middle Ages and well into the sixteenth century a fundamentally antisemitic strain of popular apocalypticism. This undigested piece of medievalia disappeared as more strictly biblical narratives of the End replaced medieval myth.

As a result, the Red Jews have not been noticed by modern historians though they were a universally-known feature of German apocalyptic belief for over three centuries.

The Roman empire remains unique. Although Rome claimed to rule the world, it did not. Rather, its uniqueness stems from the culture it created and the loyalty it inspired across an area that stretched from the Tyne to the Euphrates. Moreover, the empire created this culture with a bureaucracy smaller than that of a typical late-twentieth-century research university. In approaching this problem, Clifford

24 August

Ando does not ask the ever-fashionable question, Why did the Roman empire fall? Rather, he asks, Why did the empire last so long? Imperial Ideology and Provincial Loyalty in the Roman Empire argues that the longevity of the empire rested not on Roman military power but on a gradually realized consensus that Roman rule was justified. This consensus was itself the product of a complex conversation between the central government and its far-flung peripheries. Ando investigates the mechanisms that sustained this conversation, explores its contribution to the legitimation of Roman power, and reveals as its product the provincial absorption of the forms and content of Roman political and legal discourse.

Throughout, his sophisticated and subtle reading is informed by current thinking on social formation by theorists such as Max Weber, Jürgen Habermas, and Pierre Bourdieu.

Velleius Paterculus, who lived in the reigns of Augustus and Tiberius (30 BCE?37 CE), served as a military tribune in Thrace, Macedonia, Greece and Asia Minor, and later, from 4 CE to 12 or 13, as a cavalry officer and legatus in Germany and Pannonia. He was quaestor in 7 CE, praetor in 15. He wrote in two books 'Roman Histories', a summary of Roman history from the fall of Troy to 29 CE. As he approached his own times he becomes much fuller in his treatment, especially

between the death of Caesar in 44 BCE and that of Augustus in 14 CE. His work has useful concise essays on Roman colonies and provinces and some effective compressed portrayals of characters. Res Gestae Divi Augusti. In his 76th year (13 CE?14) the emperor Augustus wrote a dignified account of his public life and work of which the best preserved copy (with a Greek translation) was engraved by the Galatians on the walls of the temple of Augustus at Ancyra (Ankara). It is a unique document giving short details of his public offices and honours; his benefactions to the empire, to the people, and to the soldiers; and his services as a soldier and as an administrator.
